

# RELIABLE ENERGY SOLUTION

for the entire paper and pulp industry.

- 1 Overhead Lines
- 2 Distribution Transformers
- 3 Motor Control Centres
- 4 All Weather Outdoor Control Panels
- 5 Diesel Generator
- 6 Push Buttons and Pilot Lights
- 7 Motor Protective LV Switchgear
- 8 Direct Online Starters (DOL)
- 9 LV Motors & Drives
- 10 Invicta Vibrator Motors
- 11 Mini Substations
- 12 MV Motors
- 13 MV Generators
- 14 Automation Control Room
- 15 MV Switchgear
- 16 Tiger Ring Main Unit
- 17 Power Transformers

The Zest WEG Group, a subsidiary of leading Brazilian motor and controls manufacturer WEG, started out as a South African company and maintains its strong commitment to contributing to the development of the African region.

The Zest WEG Group has been servicing the paper and pulp mining sector for more than 35 years and by leveraging best practice engineering and manufacturing capabilities, the group is able to offer a range of standard off-the-shelf products as well as end-to-end energy solutions.

An in-depth understanding of the operational conditions found within the paper and pulp sector and years of experience have ensured that the Zest WEG Group service offering is fit-for purpose.

From single product installations to individually customised solutions, which are application specific, the latest technology is used to ensure optimum performance and reliability without compromising on energy efficiency. WEG products are engineered to facilitate a safe and reliable mine and plant with operational

stability and the highest possible production levels as an objective.

Reduced maintenance and ease of serviceability assist in lowering the total cost of ownership for operations. Supporting customers is key and the Zest WEG Group operates a strategically situated network of branches and distributors across the continent. This ensures the highest levels of technical support as well as easy access to product and parts.
